

PROGRAM OF WORK FOR 1949

NATIONAL HOME DEMONSTRATION COUNCIL

The committee proposes that the program of work for the National Home Demonstration Council should include some problems common to all States. The following are submitted:

- I. Promote and give major emphasis to a family life program since living together successfully in a family group is basic to good citizenship in the local and world community.
- II. Consider the needs and interests of the young homemakers in planning and carrying out the program of the year.
- III. Develop a health program covering (a) physical and mental health as affected by good housing and medical services and (b) early detection of physical and mental diseases.
- IV. Give emphasis to safety education to reduce accidents among children in the home, on the farms, and on the highways.
- V. Work toward interesting young women in training for professions closely related to rural welfare.
- VI. Develop a year-round information program to tell the story of home demonstration work.
- VII. Study and interpret the objectives and purposes of United Nations, giving emphasis to the study and support of certain programs of United Nations, namely: United Nations Educational Security and Cultural Organization; the Food and Agricultural Organization; World Health Organization; and International Declaration of Human Rights.
- VIII. Work toward interesting women in assuming their responsibilities as informed and active citizens.

COMMITTEE:

Mrs. Homer Rensberg, Chairman, Maryland  
Mrs. E. L. Leming, Oregon  
Mrs. Geo. Peters, Ohio  
Mrs. Cecil Morgan, Arkansas  
Miss Gertrude Humphreys, West Virginia  
Miss Mena Hogan, Washington, D.C.
